OUT OF THE SHADOWS

As storytelling in its most ancient form, shadow puppetry has captivated audiences for centuries, using the contrasts of light, shadow and movement to tell a tale. Bringing the art form to Abu Dhabi is fine artist Patricia Thoma, who will be performing classic Brothers Grimm tale *The Twelve Dancing Princesses* for families. After the performance is finished, little ones can even make a shadow puppet of their own. Free. Adnec, Al Khaleej Al Arabi Street. From 6.30pm.
